RE: Try/On Life Community Farm

---

To Whom it May Concern:

I am writing to express my support for the Try/on Life Community Farm. ShoreBank Pacific would be pleased to consider a financing request for the project and work with other financial partners to structure the financing for the property acquisition.

The Try/on Life Community Farm is an important project for the region. This organization is seeking to acquire a 7-acre property adjacent to Tryon Creek state Park. This would ensure that the land is preserved as a demonstration farm and remains permanently accessible to the community.

The Try/on Life Community Farm will help raise awareness of land use through educational programs and community events focused on native plants, wildlife habitat, and natural building techniques.

Please accept this letter as an indication of my personal support for Try/on Life Community Farm.

With Regards,

Randell Leach  
Vice President and  
Director of Business Banking
